

MRS. IRVINE WILLS HOME TO MEDICAL SOCIETY FOR HOSPITAL

If Conditions of Will Are Not Complied With, "Irvineton" Goes To City For Public Park

"Irvineton," the beautiful home of Mrs. William Irvine, on Lancaster avenue, is bequeathed in her will, which was opened and read Monday morning to the Kentucky State Medical Society, according to unofficial reports which were heard shortly after the will had been read.

Mrs. Irvine, provides, it is understood, certain stipulations for the conversion of her handsome old home into a modern hospital to be operated under the direction of the State Medical Society, as a memorial to her grandfather Dr. Ephraim McDowell, the father of ovariectomy, and her father, Col. David Irvine. It is provided, it is understood, that in the event the Kentucky Medical Society is not prepared to carry out the provisions of the will in regard to the establishment and maintenance of a hospital, that the property is to go to the City of Richmond as a public park.

Mrs. Irvine's will, it is understood, disposed of an estate of about \$400,000. A goodly sum is understood to have been set aside for the maintenance of the hospital she proposes. The nature of the other bequests she makes in her last testament, have not been learned.

The will will be filed for probate in county court here next Monday county court day. It is understood that the will is written in her own handwriting.

LEGION MINSTREL REHEARSALS BEGIN

Col. Gordon Hunt, the instigator of minstrel organizations who is assisting Gov. Bowen, the whirlwind black-face comedian, was in Richmond on Sunday to meet the American Legion boys in the first rehearsal of their minstrel which will be given in this city at the opera house on December 14 and 15. The boys turned out in full force, there being about thirty boys comprising Richmond's best talent who met in Caden-Kilpatrick hall at 2:30. The opening choruses were rehearsed, and all of the boys declared them to be catchy songs with plenty of "pop." Everything points to one of the biggest and best minstrel shows ever presented here, Gov. Bowen carries with him all special scenery, costumes, and with an orchestra of eleven pieces and full size band the lovers of good clean southern minstrel entertainments are awaiting with anxiety this performance. Tickets will soon be on sale, and the people of Richmond should give the American Legion boys two capacity houses.

ALL MAY HEAR HARDING
Washington, Nov. 29.—Almost every one who voted for Senator Warren G. Harding for president of the United States may hear him deliver his inaugural address March 4, and a trip to Washington will not be necessary.

Telephone engineers, it is learned are at work on a plan which will make the intonation of his voice audible to persons in the remotest corners of the country when he speaks from the east front of the Capitol.

The plan calls for the erection of a huge magnavox above the speaker's platform, which is to be connected with all the transcontinental circuits of the great telephone systems. Each community can then declare whether or not it wishes to hear the president's address.

CARD OF THANKS
I want to thank the neighbors and friends in my home community for their kindness and help through the illness and death of our dear mother, Mrs. E. B. Kelley, Nicholasville, 11

WILSON AND TUMULTY BOTH WILL WRITE

(By Associated Press)
Washington, Nov. 29.—It finally became known here today that when President Wilson leaves the White House March 4, he will devote his time to writing. He will make his home here, but has not yet secured a residence. Secretary Tumulty also plans to remain here and write books about the president, with whom he has been associated for 10 years. Tumulty has under consideration an offer of a place on the customs court of appeals, but has reached no decision.

MINGO CO. TOO POOR TO SUPPORT OFFICERS

(By Associated Press)
Williamson, W. Va., Nov. 29.—Federal troops brought into Mingo county yesterday at the request of Governor Cornwell today were disposed at strategic points throughout the district where miners have been on strike since July. No disorders are reported. The question of placing the county under martial law is still pending. Failure of county authorities promptly to meet disorders was explained today by Circuit Judge Bailey, who asserted Mingo county had no money with which to pay deputy sheriffs.

MORE PRAISE FOR CITY'S NEW STREETS

Another former Richmond man who blew in Monday morning hardly recognized the old town with its modern asphalt streets. He was Col. Steve Vaught, of Winchester, formerly connected with the old Richmond Clinic, and one of the best known newspaper men in the state, but now a prosperous insurance man and correspondent for a number of large dailies from Winchester. Mr. Vaught couldn't say enough nice things about Richmond's streets. He declared that they had improved the city 1,000 per cent, and he complimented the city officials and the people generally upon being so progressive.

JILTED FIANCE TRIES TO KILL PHONE GIRL

Middlesboro Operator Badly Hurt On Head, First Tells Police Negro Attacked Her

Middlesboro, Ky., Nov. 29.—While posesses were scouting the countryside for a negro, Miss Fannie Brasher, 20 years old, telephone operator, found unconscious from a blow in the head on the exchange floor after midnight, admitted late Sunday afternoon that her assailant was her jilted fiance, who tried to kill her. She first told the police she had been attacked by a negro.

The Pineville long distance operator was talking to Miss Brasher at 1:30 o'clock Sunday morning, when the Middlesboro girl called out in alarm: "Some one's breaking into the office!"

"Connect me with your station," the Pineville operator told her. Almost before she had finished the sentence, the Pineville girl heard: "Lord of Mercy, they've got me!"

But the connection had been made. Notified by the Pineville operator, the Middlesboro police broke into the telephone office, as the assailant escaped down the rear steps.

The police found Miss Brasher lying unconscious on the floor with an ugly gash on her head. Furniture in the office had been overturned and broken in a desperate struggle.

"Negro, negro," was all she would say to the physician, who had her removed to a hospital. In addition to the wound in her head, she had been choked.

Citizens stirred to a high pitch of excitement gathered on the streets early Sunday morning and throughout the day aided the officers in the search for negro suspects. Two negroes were halted several miles from the city on a railroad, but were released after questioning.

Strands of red hair found clutched between the girl's teeth brought about the confession Sunday afternoon, after she had regained complete consciousness. She was asked by a nurse whether she had bitten her assailant. She said she had.

"Are you sure he was a negro?" she was asked.

"Yes," was her reply.
But when shown the red hair the girl broke down and admitted it was her former fiance, James Thompson, a truck driver and former soldier. They were engaged until a month or so ago, she said, when she broke the engagement. He threatened then to kill her, Miss Brasher declared.

He entered the office by climbing rear stairs on the outside of the building and opening a window, and told her he meant to kill her, then choked and struck her, she said.
A warrant was issued Sunday night for Thompson, charging him with assault with intent to kill. He could not be located and is believed to have fled the city.

Miss Brasher is the daughter of James Brasher, a carpenter.

OUTRAGES LAID TO SINN FEINERS

Liverpool Property Destroyed When 18 Fires Are Started—Big Loss in Ireland Also

Liverpool, England, Nov. 29.—Fifteen cotton warehouses and several timber yards were burned in an orgy of outrage and destruction in this city early Sunday, all of which is believed to have been engineered by Sinn Feiners.

Eighteen fires are reported. Seventeen persons were overcome by smoke and fumes.

The incendiaries worked with thoroughness. With special apparatus they cut or burned out the locks and bolts of the warehouses and then, having effected an entry poured gasoline upon the stocks.

Four men were captured and are being held for questioning.

Police while running to the fires were attacked by a band of men. Shots were fired but no casualties reported. A civilian, Daniel Ward, caused police to believe he was assisting in the disorder and he was shot dead.

The warehouses are still burning in Sparling, Pabley and Jordan streets. There are also five timber yard blazes in Vulcan and Bamfield lane.

In the suburb of Bootle there were incendiary fires at six places. Firemen of all the neighboring towns were called to assist local forces in fighting the flames.

A witness informed the police that he saw a crowd of men believed to have been Sinn Feiners, set fire to a warehouse.

Police tonight are circulating a description of two men sought in connection with the outrages.

Have Sinister Aspect

Belfast, Ireland, Nov. 29.—A statement issued last night from Dublin Castle, after giving an account of the Liverpool fires and accompanying incidents, adds:

"In conjunction with the documents found last week in which plans for Sinn Fein reprisals against the English towns of Liverpool and Manchester, among a number were detailed, these things have a sinister aspect."

Says Sinn Feiners Did It

London, Nov. 29.—Home Secretary Short declared in the House of Commons today that Saturday night's incendiary fires in Liverpool seemed no doubt to have been the result of an organized conspiracy in which members of the Sinn Fein party were engaged.

An Irish Lad's Patriotism

Washington, Nov. 29.—A reward of \$5,000, full protection and secrecy, and a free pass to any part of the world, or death by hanging—this was the choice given by the British military to Kevin Barry, 18 year old Irish patriot, recently executed for alleged complicity in the Irish troubles.

A letter received today by Mrs. R. E. Reardo, 3326 Thirtieth st., from her mother, the widow of an Irish magistrate, gives an intimate picture of the last movements of the young Irishman. The letter quotes one prominent in public affairs in Dublin as supplying the facts. It was mailed on November 12.

"Kevin Barry was hanged for having attacked a lot of fully armed soldiers and taking their rifles," said the letter. "The day before his death a conditional reprieve arrived from Premier David Lloyd George."

"He was taken out of his cell by two officers: the scaffold with the rope dangling from the roof, was shown him."

"If, however, he gave the name of his comrades, he was to get \$5000 for each name, full protection, absolute secrecy, and a free pass to any part of the world. He listened attentively, pointed to the scaffold and said:

"I am quite satisfied with the arrangements. They seem to be perfect. Now take me back to my cell and let me prepare for eternity. I hope never to see any of you again, either here or there."

Barry was a medical student, and the only child of a widowed mother.

LOOSELEAF SHOW IS BEING PLANNED

State Exhibition At Lexington To Be Greatest Ever Held—What It Will Be Like

Kentucky is preparing to furnish the greatest tobacco exhibition in the history of the state, the show to be given at Lexington the first week in January, according to present plans. The loose leaf exhibition, it is said, will outrival anything of the kind ever undertaken, and there will be exhibitors from Madison and practically every other county where the weed is raised to any great extent. It is the intention to have the show in the interest of the burley growers, and will not conflict with the smaller exhibitions being given here and there.

The promoters are those at the head of the movement in the interest of tobacco and they are preparing to rent a big place for the exhibition. It is probable here will also be exhibitions of automobiles and farm implements used in the culture of tobacco as an added attraction. The show will be for all interested in any way and samples of the best tobacco to be grown in the old blue grass state are now being prepared by some who claim to have the best to be found in this part of the country. There will be prizes and everything to make the affair a success, with the intention of repeating it every year, making it an annual event.

The promoters believe this will go far toward both bringing the producers together and to increase the interest of many, which is said to be ebbing as a result of the various complications developed during the past year.

There will be exhibitions of the various grades and the reports on the nature of the soil producing it will add to the interest of the feature which will figure prominently in the exhibitions. Many of the producers of the state have been preparing for the show, which has been contemplated for some time, but the date for which has just been set.

Dr. Winnes Now Backed By Harlan Residents

At a mass meeting held in Jenkins a week ago, speakers declared that the people of the mountains, including a majority of the people of Harlan county, believe that Dr. H. C. Winnes, state veterinarian, is simply a victim of circumstances and is absolutely innocent of any connection with the murder of Miss Lura Parsons, Pine Mountain school teacher.

At the mass meeting held in the auditorium of the Jenkins recreation building, approximately 400 persons were present and more than \$500 was subscribed to aid in the investigation and to defend Dr. Winnes.

Commonwealth's Attorney Monroe Fields, of Whitesburg, the account states, stated that he was fully convinced that Dr. Winnes had nothing to do with the crime. Judge H. L. Moore gave a report of the testimony at the recent examining trials and on the blackboard drew a map which disclosed the points of importance in the evidence pertaining to the route taken by Dr. Winnes and Miss Parsons.

New Legion Movement

More than 21,000 American women are eligible to membership in the Women's Auxiliary to the American Legion, a movement being augmented by many posts throughout the country. The local post members will have this matter before them within a short time, since it is their intention to add to the importance of the organization keeping abreast of the times. There are many women in this district who will be eligible to membership.

Another Court Day

Next Monday will record the December court day in Richmond, and it is believed the livestock held over during the summer, owing to the good grazing conditions, will be disposed of, and that there will be a large quantity sold. Prices are not what they were during the summer months, however, they are such as to cause a better and more stable market condition than usual, dealers state.

SWIFT PRODUCE REVIEW

Poultry movement during the week has been heavy and a much larger quantity has been marketed than will be used for current consumption. The surplus has generally been placed in storage.

Continued lower markets for live poultry in the larger market centers have resulted in further reduction in the buying centers.

Production of fresh eggs continues light, with prices ruling a high basis.

Due to the pressure to sell butter, there has been a decline in both fresh and storage, which is reflected in the price paid for butterfat in the country. The total make of butter appears to be slightly greater than for the same period last year.

NEW LICENSE FOR OWNERS OF MOTORS

Recently Enacted Makes Imperative Many Changes—New Law Features

The new state motor law, effective the first of the year, as passed by the last General Assembly, will record a deluge of business in Madison county, and there will be numerous new licenses issued by the county clerk, instead of the State Tax Commission, as formerly, and there will be work galore in the office of county clerk Jennings Maupin, since there will be a big demand for a time.

The law provides that no 1920 or "license applied for" tags will be countenanced by the law after the first of the year, it is pointed out, hence the rush for them within a short time. It is estimated that there are several thousand vehicles of the motor variety in this county, and new license will be necessary. Since there have been comparatively few petitions received thus far for the new license, there may be some left out in the cold for the time being, when the rush does come. License fees, under the new law, will cost more this year than ever before. The charge is based on the engine horse power, the fee being 60 cents per horse power. It was also pointed out that the convenience accompanying the handling of the business by the county clerk instead of the state official corps, will curtail the expense to some degree.

According to one clause of the new law, the owner of the machine must furnish the number of his engine. This is essential. In case the number has been destroyed or defaced, a new number will be provided by the state tax commission. A fee of 40 cents is added to all work, it is said, this going to the clerk.

Following is the new schedule of prices, according to the new law:

Motorcycles, \$10.
All automobiles not more than seven passenger capacity, 60 cents per horse power.
Electric passenger cars, minimum fee, \$15.

Trucks, one half ton and less, \$22.

Trucks, over 1,000 pounds, \$30.

Trucks, over 2,000 pounds, \$35.

Trucks, over 3,000 pounds, \$50.

Trucks, over 4,000 pounds, \$60.

Trucks, over 5,000 pounds, \$70.

Trucks, over 6,000 pounds, \$110.

Trucks, over 8,000 pounds, \$130.

Trucks, over 9,000 pounds, \$130.

Trucks, over 10,000 pounds, equal \$150, with \$50 for each additional ton.

Interchangeable bodies for passenger cars and trucks, instructions are to charge the highest fee, and issue plates for that class.

For dealers, one set of plates \$25 additional plates \$1 a set. The clerk is given a fee of 30 cents which is added to the charge for the state.

Chauffeurs' licenses are \$2 year if issued before September 1; \$1 if issued thereafter. The clerk is given a fee of 40 cents which is added.

Transfer receipt cases of sale of car to another after 1921 license has been paid—state fee \$1. Duplicate receipts, issuing duplicate plates and duplicate chauffeurs' badges, surrendering plates and receipts, fee of 40 cents, payable to the clerk.

For additional plates, single plates and chauffeurs' badges 50 cents is charged.

Hearse, ambulances and undertakers' cars are classed as trucks and tonnage capacity must be given.

Mr. C. B. Terrill has been appointed special assistant county clerk in charge of the automobile license department. He will be a mighty busy man after the first of December, but as he is a splendid scribe, he'll not have much trouble taking care of the motorists who come after their new licenses. The transfer of the licensing of automobiles from Frankfort to each county seat is going to make a big hit with most automobile owners, who will be able to get their licenses immediately instead of sending applications to Frankfort, and perhaps having to write half a dozen letters explaining horse-power and other details.

The hearts of his host of friends among the country newspaper publishers go out in deepest sympathy to Editor Desha Brock, in the loss of his wife. Words are impotent at such a time to assuage the heart pangs that are his. Many others have paid the high price of tribute to her many brilliant qualities of mind and heart, in words that would convey all we would say. The handclasp of sorrow may brighten some flicker of light to a heart that must be overwhelmed by the shadow through which it is passing.

Secretary Marshall E. Vaughn of Berea College, has assumed the editorship of the Berea Citizen, and his contemporaries will heartily welcome him to the tripod. Mr. Vaughn is remarkably well qualified for such a work. The Citizen has a peculiar clientele, going largely to the inaccessible mountain counties, whence Berea College draws so largely its student body. Free Your Blood From Poison

Take Pepto-Mangan, the Famous
Blood Tonic Prescribed By
Physicians for 30 Years

Sluggish blood clogged with poisons make you lazy. You never feel like getting up in the morning. And when you do get up, you miss that feeling of refreshing rest. You feel more tired than when you went to bed. After a good night's sleep you should get up with a spring, feeling alive, renewed, refreshed. And you would, too, if your blood were full of red corpuscles. Your complexion would look fresh, your eyes bright and clear; you would feel the warm tingle of good health.

Look to your blood if you have that lazy, heavy feeling in the morning. Begin taking Pepto-Mangan, the ideal tonic. It has blood-building properties that pick you up and give you strength.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. It is prepared in both liquid and tablet form. Both have the same medicinal properties.

Sold at any drug store. But be sure and get the genuine Pepto-Mangan—"Gude's." Ask for it by the full name, and be sure the full name, "Gude's Pepto-Mangan" is on the package. — adv.

HEARD ABOUT TOWN

Miss Catherine Smith, who has been ill at her home on First street for several weeks, is reported as being out of danger and on the road to recovery.

The work of improving the sidewalks, torn up as a result of the paving of the streets, is progressing in such a manner in the eastern part of the city that the last traces of the work will soon be in evidence.

Richmond physicians report that while there is considerable sickness in the city, much of it is due to the weather, and that the conditions generally here are no worse, but much better than in most cities.

The work of repainting a number of the buildings at Eastern Normal is under way. Much interior work is being done, and there are numerous minor improvements being made here and there.

Thus far the hunting of rabbits in Madison county has been extensive and there is said to be an abundance of bunnies. In the vicinity of College Hill, it is reported, the fruit growers are inviting the hunters, owing to the damage wrought trees by the animals.

Members of the Knights of Pythias are preparing for the work looking towards their new home, Irvine and Second streets, and workmen will soon be busily engaged in transforming the building in order that the lodge headquarters be able to occupy the new home within a few weeks.

There will be much changing in business house headquarters on Main street, especially within a short time, a number being anxious to move soon after the first of the year. The work of improving many of the buildings is well under way, and there will be a number of stores that in point of splendor and attractiveness soon that will compare favorably with those of much greater cities.

Thursday, December second, nineteen twenty

A DISTINCTIVE achievement in the annals of the history of the Blue Grass, famous for its spirit of hospitality and reputation for service, is the contribution to Lexington and Central Kentucky of its own magnificent, beautiful complete two-million-dollar Lafayette Hotel.

All Kentuckians, their friends and guests are invited to attend the formal opening Thursday, December the second, and inspect every department of this thoroughly equipped, completely appointed hostelry as our guests.

Open House, 10 A. M. to 5 P. M.

Special provision will be made between the following hours for the reception of

Men..... 10 a. m. to 12

Ladies..... 3 p. m. to 5

An elaborate dinner-dance beginning at 7 p. m., and marking the closing feature of the opening, will furnish a fitting climax to this memorable chapter in Blue Grass history. Reservations for tables at the dinner-dance will be available until noon Wednesday, December the first at \$5.00 the plate. A program of music, flowers, and entertainment, in keeping with this notable event, will be presented during the dinner and dance.

Beautiful Dinner Party
 Mr. William Crutcher, captain of the Model High School football team, entertained with a live-course dinner Friday evening in honor of the athletic director and members of the team. The table was beautiful in its appointments, the Model school colors, old blue and white, being used in the decorations, the silver candelabra at either end of the table with blue tapers, and the large pyramid of fruit as a centerpiece, adding greatly to the attractiveness of the table. Those who enjoyed the hospitality of the charming home were Messrs. Hembree, Spears Turley, Franklin Deatherage, James Carlton Deatherage, Carter, Jayne, Arnold, Covington, Blanton, Allen, Luxon, Salyer, Coates, Adams, Shelby and James Carr. Miss Margaret Chenault presided at the coffee urn and Miss Zerelda Baxter favored the guests with several vocal selections which added greatly to the pleasure of those fortunate enough to be present.

Smith—Jefferson
 The marriage of Mrs. Thomas Jefferson Smith, Louisville, formerly of Richmond, and Mr. George David Jefferson, London, England, was solemnized Thursday in London, England.

The marriage is the culmination of a romance which started last summer on shipboard, when Mrs. Smith and her children, Miss Elise Smith and Thomas Jefferson Smith, sailed for a trip in Europe. Mrs. Smith spent the summer doing reconstruction work in the devastated regions of France under the direction of Miss Anna Morgan, of New York.

Miss Elise Smith is a student at Ann Arbor.

Mr. Jefferson has two grown sons, one of whom is in the British army in India.

Mr. and Mrs. Jefferson will arrive in January for a visit in Louisville.

Mr. J. N. Wylie, of Louisville, was with friends here Thanksgiving.

Miss Zeila Rice returned to Covington Sunday after a pleasant visit here.

Mr. Thomas Jefferson Smith is a student at the Kentucky Military Institute.

Mrs. Sim Moberly, of Winchester, spent several days with friends here last week.

Miss Hattie Crews, of Hamilton, Ohio, is the guest of her sister, Mrs. Alvin Azbill.

Mrs. J. A. Higgins spent the week-end with her daughter, Miss Julia, in Frankfort.

Miss Bessie Dudley has returned from a visit to relatives in Danville and Lexington.

Mr. George Lee, of Danville, spent Thanksgiving with his daughter, Mrs. G. Murray Smith.

Mrs. Joe Oldham and niece, Miss Elizabeth Gardner, spent Thanksgiving in Winchester.

Miss Ellen Reed, of the Eastern Normal, spent the week-end with the homefolks at Stanford.

Mrs. Embry Griggs has returned to Hazard after a visit to Mr. and Mrs. W. T. Griggs on Oak street.

Mrs. Nannie Baxter has returned to Cincinnati after a visit to Mrs. Mary Newby on North street.

Mr. and Mrs. Lewis Neale and children spent Thanksgiving with Mr. George McRoberts in Danville.

Miss Lida Griffe, private secretary to Col. H. B. Hanger, spent Thanksgiving with Lexington friends.

Deaconess Emily Olmstead and Miss Jessie Newell, of the Model school, spent Saturday in Lexington.

Dr. Vernon Million and Mrs. Million, of Louisville, were guests of the latter's mother, Mrs. Mary B. Miller, for Thanksgiving.

MONEY HIDDEN AT DEATH

Vanceburg, Ky.—Owen Osborne, 84, who died suddenly, is believed to have left a large sum of money hidden about his premises. He had \$9,000 in coin concealed when he died. The money was recovered, sent to Washington and now coin given him. This he

concealed. He refused to "trust" the banks.

ISSUES CALL TO SCHOOL CHILDREN

State Supt. Colvin Wants No Reflection Cast Upon His Efforts By Rising Generation

"I don't want the rising generation to say that they wished they had been compelled to go to school, or they would have had a better education," is one of the statements in a forceful letter by State Superintendent of Schools George W. Colvin, addressed to the county superintendents.

"I want the law enforced to the letter, the week, the day and the hour," he continues in instructions to the county officials, who are to turn over the instructions to the truant officers, the letter being backed by the law as well as hearty sanction of the state leader. The result of the enforcement of the new law compelling school attendance is already seen. Since there are better averages made by the individual students, as well as matter has caused a number of cases to be brought to the juvenile court. However, this is what these tribunals are for, and they will be given a credit in the opinion of the officers, in the enforcement of the laws. Great benefits are being derived by the students and the parents who have hitherto been negligent are being shown no leniency, but are to be summoned before the court and warned, and prosecuted unless the law is complied with to the letter. The orders of the state superintendent are to obeyed here and elsewhere, it is said, and the operations of the truant officers here are very pronounced, and have been for some time. W. A. Johnson started out early Monday morning to make a number of "official calls."

BIG HILL FOLKS ARE DOING THINGS

Residents of the locality of Big Hill who have been so active in behalf of the new school which is to be taken over at the regular meeting of the school board Friday morning, have decided that their work has not been finished, and they are building a new edifice. This is not to be the end of their work, since they have set to work sinking a well for the purpose of having a better quality of water for use at the school. This is being done independently, as is most of the other work there, the men as well as the women taking a hand. These improvements will be appreciated by many, including the members of the school board, who highly compliment the residents upon their liberality. The efforts have provided a new library and many other progressive features to the institution.

ROLLIE PEARSON DIES OF SERIOUS DISEASE

Rollie Pearson, aged 13 years, died at the home of his parents, Mr. and Mrs. William Pearson, on the Jacks Creek pike, Sunday, after an illness extending over a period of three weeks from pneumonia, scarlet fever and diphtheria. The funeral services took place Monday afternoon, with interment at Brassfield. Young Pearson was six feet two inches tall and weighed 220 pounds. He was well and popularly known among the younger folks of the neighborhood.

BABE HITS HOMER WITH ONE HAND

(New York Herald)

Fred Hoffman, the Yankee catcher, tells this one about Babe Ruth: "We were barnstorming up the state and Babe had a sprained wrist. One up he fanned. Second time he popped a little fly. The crowd was sore, and as Ruth went up the third time the local promoter walked out on the field to apologize.

"Ladies and gents," said he, "Mr. Ruth is here today against the doctor's orders. He ought to be home, as he has a badly sprained wrist." "Just then the ball came up and Babe reached across the plate and smacked the ball over the left field fence with one hand. "Maybe that crowd didn't guy that promoter."

MANY ARRESTS TO BE MADE AT ONCE

Wholesale arrests are predicted in a certain locality in the county by Truant Officer W. A. Johnson as a result of reported refusals upon the part of a large number of parents to send their children to school. The arrests are expected to be made within the next forty-eight hours. The officer would not give the definite locality, stating there "would be a report to be made in full" within a very short time. County Superintendent B. F. Edwards corroborated the statement of the officer in admitting that wholesale arrests would perhaps be made within a day or two, but would add nothing at this time.

9 Cents

You'll be surprised at the savings this Sale Affords. Buy your Christmas Gifts NOW.

These is a changed look on the faces of our store friends, these days --brighter, happier, more enthusiastic, when they see the goods we show and when they learn the NINE CENT PRICES.

It seems like years that we had to face the startled look and then the patient expression of tired endurance, as prices were quoted on all kinds of goods. We had the same experience, every time we went to market. Every price seemed forbidding, and often impossible; but we had to pay the big prices, or fail to supply you with wanted goods. Those have been hard years on all of us. But now those hard days have past.

We're fighting the way back to normalcy in prices, and shopping this week, is a GENUINE DELIGHT! We are delighted to have such splendid goods to show you, and such low prices to quote you.

In every section of our store the NINE CENT SALE PRICES RULE. Many goods have been newly bought on the lower basis--others we have reduced in price at once, because we want to GET BACK TO NORMAL PRICES AT ONCE, and are willing to take the big loss that we knew had to come, and be ready to do profitable business again when these goods are gone.

Also, we realize that every dollar we lose becomes A BIG SAVING FOR OUR FRIENDS, and by taking the loss now, our customers may enjoy a full season's use of the goods, instead of the half season, if we waited until Sanuary. Mail orders filled, when stocks permit, in the order received.

Every Drop of Your Blood Should Be Absolutely Pure

Any slight disorder or impurities is a source of danger, as every vital organ of the body depends upon the blood supply to properly perform its functions.

Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are Rheumatism, with its torturing pain; Eczema, Tetter, Erysipelas and other disfiguring skin diseases; general debility, which makes the strongest men

helpless, and many other diseases are the direct result of impure blood.

You can in a large measure avoid liability to disease by the use of S. S. S., the wonderful blood remedy that has been in constant use for more than fifty years. S. S. S. cleanses the blood thoroughly. It is sold by druggists everywhere.

LATE NEWS NOTES

The 7-year-old daughter of Mr. and Mrs. John Preston, Lexington, is dead as a result of burns sustained while standing in front of an open grate.

Citizens of other cities are being prevailed upon to do their Christmas shopping early and the same pressure is being brought to bear here, since it is expected this will represent a busy period, according to local merchants, who anticipate a great Christmas trade.

Two sets of city foremen will be on the job in Lexington after the first of the year. There will be regular working shifts. There have been many fires there also of a mysterious origin recently, it is reported.

More American-made toys than ever before, it is said, will be in evidence this year. Merchants state there will be few trade marks "made in Germany and Austria" in evidence this year. The American trade is also attracting attention abroad.

At Georgetown, the Boy Scouts have reorganized stronger than ever, and preparations are on for a series of entertainments and other features that will bring the organization before the public during the winter months.

Enjoys Good Health For First Time In Twenty-five Years
—Praises Tanlac

"Since I started taking Tanlac I have not only gained thirty pounds in weight, but for the first time in twenty-five years I am enjoying good health," said J. J. Craig, of 421 North Madison st., Bloomington, Ill., recently.

"Yes, sir, I am fifty years of age," he continued, "and 25 of these years have been spent in misery and suffering without a let-up until I began taking Tanlac. I was never able to eat a thing without filling up with gas afterwards and having such intense cramping pains in my stomach I could hardly stand them. Why, at times I would have these spells of cramps while at work, and have to be taken home, where I would lie for hours almost unconscious. I was all run down and weak, and would play out before I had worked half a day, and very often had to quit and go home. But, thanks to Tanlac this is all a thing of the past now."

"Tanlac has simply made a new man of me, and it has given me good health, something I never expected to have again. I can sit down now, and eat anything with out its hurting me the least bit. I am never troubled with gas and never have the least sign of pain in my stomach. I feel strong and vigorous all the time, and am able to work every day and all day long with the greatest ease. No, sir, I wouldn't take all the money in Bloomington for what Tanlac has done for me, and I expect to praise it as long as I live."

Tanlac is sold in Richmond by Stockton and Son; in College Hill by Ginter Brothers; in Berea by Welch Department Stores. It

training schools for colored teachers and industrial supervisors for the coming school year." The county boards bear the main expense, giving nearly double the state's appropriation to the 14 county training schools alone. The Slater and the Vocational Endowment Funds each contributed \$7,000 to the same schools.

The state board also employs colored state supervisors and literacy workers. Five six-week summer schools for teachers here held this year with a total attendance of over 800. The general education board supplemented these efforts by sending 85 teachers to the Tuskegee summer school and 25 industrial teachers. Four-week schools were held by the co-operation of state and county boards.

The Home Makers' Club, aided by the general education board in co-

operation with the authorities, are also building up negro character and homes. Fifteen thousand women and girls have been enrolled in the past year, and 29,000 school children in 28 counties. Figures show little of the work done, but 421,000 quarts of fruits and vegetables canned—an estimated saving of \$64,000 worth of food—speak eloquently of rising standards of thrift and comfort. The negroes and the local white friends gave \$48,000 for school improvement; 35 schools have qualified for help from the Roosevelt fund and 34 have lengthened their terms by two months.

In the training schools and in other of the larger type efforts are under way to build up ambition by acquainting the children with the achievements of the foremost members of their race.

The St. Phillips Episcopal church of New York City is celebrating its centenary. This is also one of the wealthiest colored churches in the country and stands for much in the religious life in the great city.

This Team Invincible

Atlanta, Ga., Nov. 29.—The end of the 1920 football season finds one southern college with a record of only one defeat in 20 years.

Morhouse college, a negro institution, lost a game ten years ago, but for ten years prior to that time and since then the word "defeat" has been known at the school only as it applied to Morhouse's opponents.

Morhouse has played games annually with the leading negro teams of the south, including Tuskegee Institute, Atlanta University and Morris Brown.

Auction Sale

OF

Land and Personal Property Wednesday, December 8 AT 10 A. M.

we will sell for Mr. J. F. Brewer his fine
Blue Grass Farm, near Foxtown,
Ky., Consisting of
130 Acres Well Improved

This farm is situated in Madison county, Ky., not far from Foxtown, 8 miles from Richmond, 19 miles from Lexington and 4 miles from Boonesboro, near Mt. Pleasant church on the R. and L. pike, and also near Republic church, and the new consolidated graded school in course of being constructed on the Boonesboro pike. Daily R. F. D. mail service on each pike. Telephone connection with the line on either pike can be easily made at small cost.

The residence is a comparatively new frame, metal roof, 8 room dwelling, 6 of them plastered. A commodious stock farm barn and a good sized new tobacco barn, each with metal roof. Under good fence inside and boundary. Neat yard and garden. Fine cistern at kitchen door. Farm well watered, lasting spring and pool. Lightly rolling and drained. Limestone formation upon which rests a deep blue grass soil suitable for corn, tobacco, hemp and timothy.

Offered in 2 Tracts and Then as a Whole

If not the best, this farm is in one of the best communities in Madison county which should be considered in estimating the desirability and value of a home for one's self and family. The fact that Mr. Brewer's chief investments and home are in another state, constitute his only reason for offering to sell this splendid home which adjoins the lands of Richard McKee, Richmond, Ky., and the Republican church site, and the home land of George Burgin and Wm. M. Jenkins, just across the Hick's mill road, and Dr. Perry, and Leslie Long, between my farm and the Boonesboro pike. Wood work and blacksmith shop, well stocked county stores nearby, thus supplying convenient market for all the minor farm products.

Conditions and terms liberal. Made known on day of sale. Any intending purchaser need not fret about the terms. All that is wanted is the worth of this property and to be secured in the payment of the purchase money.

Title clean and unincumbered; possession will be given on the first day of January, 1921, tax free, but the right of ingress and egress will be retained till March 1, 1921, for the purpose of preparing and getting away my tobacco and other crops, but this right will not be exercised to the hurt or damage of the purchaser or his tenant.

After sale of the farm, there will be offered to the highest and best bidder 250 barrels of corn, 6 stacks of timothy, general line of farming implements and household goods, and one Buick Touring Car, and some good cattle.

Call at our office, we will be glad to show you this farm.
